

Perazzi

Factory visit information.

The Perazzi factory is open Monday - Friday between 08.00 hrs - 17.00 hrs. Closed for lunch 12.00 hrs - 13.00 hrs.

Customers from all over the world visit to have guns serviced, be fitted for a new stock or gun. As the factory showroom is open to the public many shooters just visit for the experience.

Perazzi have an open plan factory and it is possible to see many of the gun making operations in progress from stock making, fitting and testing the trigger unit or even striking off the barrels. For those visiting to finalise the woodwork spec. for their gun Perazzi offer a unique fitting service using the indoor patterning range to ensure the correct dimensions.

An impressive gun showroom and accessories shop completes the Perazzi experience.

The factory is Botticino Mattina on the Lake Garda side of Brescia and approximately 10 minutes from the 'Brescia Est' A4 Milan - Venice motorway exit.

If flying a range of airports can be used; Milan Malpensa or Linate at one end of the motorway, Venice Marco Polo at the other. Closer and possibly more convenient are Milan Bergamo, (Orio Al Serio - BGY) or Verona.

Bergamo is served by Ryanair with daily flights from most regions of the UK. Verona is equidistant and served by BA, Jet 2 and Ryanair.

If you are making the journey to the factory you have numerous hotels to choose from and prices are very reasonable compared to the UK. Close to the factory is the Villa Fenaroli Palace Hotel, a palatial Hotel at less than Premier Inn prices. If you wish to travel for a further 15 - 20 mins then Desenzano or Sirmione on Lake Garda is always a popular choice.

In Desenzano we use the Hotel Desenzano or the Villa Rosa but there are many others.

Perazzi

A variety of good restaurants are available in Desenzano or Sirmione, if you have time visit Sirmione for the experience and to sample the ice cream !

If shooting grounds are your thing or if you have a gun to shoot then visit the famous Lonato Shooting Ground near Desenzano, the premier ground for trap shooters.

We hope you enjoy your visit .
