

# Perazzi

## **Background Information:**

With the exception of the MXS range, which offers fixed options, all other Perazzi models are offered in bespoke formats which allows the end user to literally design his or her own gun.

The world renowned MX8 action with detachable trigger group is available in 12G & 20G and with all levels of engraving.

Fixed selective trigger models are available in 12G, 16G, 20G, 28G and .410, all on appropriately scaled actions except the .410 which is on the 28G action; all levels of engraving are available.

Perazzi offer Trap, Sporting and Game guns in all models with literally millions of options of barrel length, choking, chamber, stock style, recoil pad etc.; the totally bespoke gun.

Our customers can choose from an 'off the shelf' stock gun or elect to have a bespoke gun made at the factory, visit to be fitted and select their own wood. The only extra for this bespoke service is the production time against an 'off the shelf' gun; price remains the same.

Please visit your Perazzi main Dealer to discuss your requirements and options.

## **Black and Nickel actions:**

The standard gun is fixed choke and produced with either black or nickel action with black parts; this is across the whole model range including all the following actions

MXS, MX8, MX8-20, MX12, MX16, MX20, MX28, MX.410, HT & HTS (High Tech with detachable and non-detachable trigger group)

The gun is supplied in a hard ABS case with 3 combination locks.

**MX2000 & MX2000S:**

All MX2000 models have the MX2000 logo engraved on both sides and the base of the action, see image below. The black action logo has the MX2000 designation in gold (the nickel version does not).

The MX2000/8 model is available in 12G and 20G and has a non-selective detachable trigger group.

MX2000S models in 12G and 20G have a selective fixed trigger group (non-detachable).

The gun is supplied in an ABS case.

**L / SC2:**

The L model in its various forms offers the first level of hand engraving and is available on all models, except MXS.

The factory version, is designated SC2. This is basically a silver action with a small amount of rose and scroll engraving. The gun comes with SC2 wood as standard

The UK version is more heavily engraved and is taken from the SC3 engraving No. 2. SC2 wood is fitted as standard.

Shown below the Factory version (left) and UK version (right).

Supplied in an ABS hard case.

**SC3:**

All models are available with SC3 engraving. There is a comprehensive selection of engravings in the Perazzi catalogue for the customer to select from; they can be selected and mixed to the individual's choice. The extremely popular 100 scroll engraving is shown below.

SC3 grade wood is fitted as standard which can be upgraded if desired.

Supplied in a leather trimmed ABS hard case.

**SC3 Gold:**

All models are available with the new SC3 Gold engraving. This can be game scene or scroll, An example of the scroll 100 Gold is shown below.

The gun is supplied in a leather trimmed hard ABS case with 3 combination locks.

**SCO:**

All models are available with SCO engraving. There is a comprehensive selection of engravings in the Perazzi catalogue for the customer to select from; they can be selected and mixed to the individual choice. The No. 15 engraving is shown below.

SCO grade wood is fitted as standard which can be upgraded if desired and the guns are supplied in a leather covered ABS case.

**SCO Gold:**

All models are available with SCO Gold engraving. There is a comprehensive selection of engravings in the Perazzi catalogue for the customer to select from; they can be selected and mixed to the individual choice. The No. 112 'Gremlins' engraving is shown below:

SCO grade wood is fitted as standard which can be upgraded if desired and the guns are supplied in a leather covered ABS case.

**SCO Sideplate:**

All models are available with SCO Sideplate engraving. There is a comprehensive selection of engravings in the Perazzi catalogue for the customer to select from; they can be selected and mixed to the individual choice. The popular No. 335 engraving is shown below.

SCO Sideplate grade wood is fitted as standard which can be upgraded if desired and the guns are supplied in a leather covered ABS case.

**SCO Sideplate Gold:**

All models are available with SCO Sideplate Gold engraving. There is a comprehensive selection of engravings in the Perazzi catalogue for the customer to select from; they can be selected and mixed to the individual choice. The No. 44 engraving is shown below.

SCO Sideplate grade wood is fitted as standard which can be upgraded if desired and the guns are supplied in a leather covered ABS case.

**Extra Grade, Extra Gold & Extra Super:**

All models are available with appropriate grade engraving selected by the customer. Extra grade wood is fitted as standard and the guns are supplied in a leather covered ABS case.

Shown below: Extra no. 804 (left) and Extra Super no 907 (right)
